A HOW IT WORKS

1 Film it

Phone held tall. Page 2 has the questions. No table? No problem.

2 Send it

One short form on our website by **Nov 28**, then send the video by Messenger, email, or a link. No account needed.

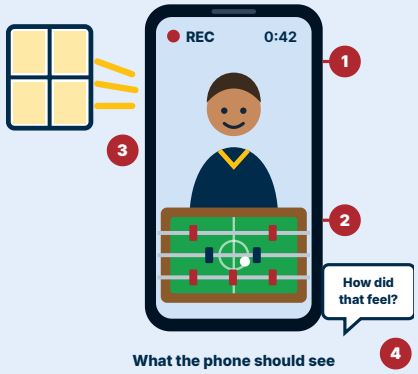

3 Get a shirt

The first 50 kids to send a video get a free FCUSA shirt. Shirts go out Dec 15 and Jan 25.

4 Inspire others

We share stories starting **Giving Tuesday, Dec 1**. Favorites announced in early February.

B SET UP THE SHOT

What the phone should see

1. **Hold the phone tall**
   Up and down, steady. Prop it up if you can.
2. **Get the table in the shot**
   Your child stands behind it, face and table both showing.
3. **Face the light**
   Window or lamp in front of them, not behind. Quiet room, TV off.
4. **Look at the camera, not the screen**
   Talk to the lens, not to your own face. Real answers beat memorized ones.

Two ways to do this

Someone can hold the phone and ask, or your child can prop it up and talk on their own. If you are asking, follow up:

- "What happened next?"
- "How did that feel?"
- "Why does that matter to you?"

Take as many tries as you want. Send the one that sounds most like them. We do not edit videos, so trim it yourself if you can.

Keep it safe

- First name only, never a last name
- Skip your address and your phone number
- Only your child on camera, unless other parents say OK
- No asking for money in the video. We handle that.

IN PARTNERSHIP WITH WORLD FOOSBALL TOUR

Best story: free entry to the Tornado World Championships. **Top 10:** a WFT jersey. Picked for the story, not views or likes. Entry only, no travel or hotel.

Your video in 5 parts

It does not need to be perfect.
It just needs to be you.

0:00 — about 60 to 90 seconds total — 1:30

1 · The Shot
Start with a trick shot. No table? Start with a big wave. Bloopers are welcome.

2 · The Start
"Hi, I'm [first name]. I've played for [how long]." How did you start?

3 · The Change
WELLNESS AND GROWTH

PICK ONE

- Think of a hard day. Did foosball help? What happened?
- At the table, what goes quiet in your head? What lights up?
- What has foosball taught you that has nothing to do with foosball?

4 · The People
COMMUNITY AND INCLUSION

PICK ONE

- Who would you never have met without foosball?
- Tell us about a time someone made you feel welcome, or you welcomed someone.
- Anyone can play, any size, age, or ability. Why does that matter?

5 · The Why
EVERY KID BELONGS

PICK ONE

- Picture a kid who is new, shy, or feels left out. What could a foosball club give them?
- What would you tell every principal in America about foosball?
- Why should we all support Foosball Clubs USA?

Tell one real moment

Say what happened and how it felt.

NOT THIS

~~"Foosball is fun."~~

THIS

"My first day at a new school, I didn't know anyone. Then a kid asked me to play foosball."

END IN YOUR OWN WORDS, OR SAY THIS

“Foosball helped me find my people. Every kid deserves that. That's why I support Foosball Clubs USA.”

WE LOOK FOR Heart · Honesty · Creativity

The trick shot is for fun, not skill. Views and likes do not count.
